What Our Cerner Clients Are Saying

“Santa Rosa Consulting provides us with excellent professionals in support of our Cerner system, McKesson system and Go Live needs. They have time and time again proven to be sensitive to our budgetary needs while providing top tier consultants to address our requirements. Santa Rosa’s management team works closely with us to ensure that our ongoing satisfaction is maintained. Santa Rosa is a great company that offers great value! Thank you so much!”

Melisa Kelly
IS Director, HSIS
UAB Health System

“Santa Rosa Consulting has been engaged at Bayfront Medical Center for Clinical Transformation Services since early 2011. From the beginning, we have been impressed with the level of knowledge and experience that the company’s resources have brought to our organization, particularly on initiatives necessary to achieve meaningful use. Additionally, the skills of our own team members have been greatly enhanced by working with Santa Rosa consultants. Santa Rosa is more than just a vendor for Bayfront, but a partner focused on our shared goal of improving clinical process and outcomes through the use of electronic health records.”
