

making better healthcare possible®

Epic Solutions

An Implementation Service

Epic provides some of the most comprehensive and flexible applications in healthcare today with a focus on continuity of patient care. Epic builds its award-winning products from experience and best practices, and healthcare providers that select the Epic suite of products expect an equally strong commitment to quality and innovation from their Epic implementation partner. Santa Rosa Consulting exceeds the expectations of its clients by supplying the industry’s top certified talent and an implementation management approach that supports achievement of Meaningful Use criteria and maximizes each client’s return on its Epic investment.

Santa Rosa provides project management, implementation, application integration, and training for the following Epic products:
