MEDITECH Solutions

An Implementation Service

Santa Rosa Consulting has a strong presence in the MEDITECH community, we provide professional services through the combination of our MEDITECH talent, experience, and flexible, cost-effective solutions to meet client objectives. Our Advanced Clinical Services and Financial teams are comprised of consultants possessing professional credentials such as RN, PharmD, CPhT, and Business Office Directors. Santa Rosa’s consultants have deep clinical and operational backgrounds with significant MEDITECH application experience. Our subject matter experts span all 3 MEDITECH Platforms - Magic, Client Server, and M-AT 6.x.

Our Expertise

We have a diverse team of consultants, who possess deep and broad MEDITECH system expertise in addition to operational experience, that provide high-quality services in the following areas:

What Our MEDITECH Clients Are Saying

“Santa Rosa’s knowledge of the MEDITECH applications (Pharmacy, eMAR, BMV, POM, etc.) and understanding of clinical workflows impressed our staff and we extended the engagement throughout the implementation to provide guidance and application knowledge. We wouldn’t be as far as we are now without the help and recommend Santa Rosa to other hospitals looking to implement the MEDITECH Advanced Clinical applications.”

Tom Hallisey
Chief Information Officer
Cortland Regional Medical Center

“We first engaged Santa Rosa to assist with our Phase 1 MEDITECH implementation which included all of our Clinical and Financial applications. We understood the value of working alongside an experienced consulting team... We feel our longstanding relationship with Santa Rosa has been an important part of our success.”

Ed Engesser
Chief Financial Officer
Barlow Respiratory Hospital
