

## BRACKEN, DIONISIO, GEIER AND TYAGI JOIN SANTA ROSA CONSULTING BOARD OF MANAGERS

Santa Rosa Consulting, LLC today announced four appointments to its Board of Managers. Joining Board Chair Richard Helppie on the Santa Rosa Board is a team of senior executives with a wealth of experience and depth of industry knowledge in the healthcare industry. Charles Bracken joins the Board with over 25 years of experience in leading healthcare IT and management consulting businesses, having teamed with Mr. Helppie at Superior Consultant and having led the healthcare provider business at Affiliated Computer Services. Joseph Dionisio also brings to the Board decades of leadership experience in healthcare, having served as a healthcare partner at Price Waterhouse and having served in senior executive roles at Allegheny Health, Education and Research Foundation, and most recently as President and CEO at New England Baptist Hospital at the Harvard Medical Center in Boston. Peter Geier brings to Santa Rosa a unique background in both healthcare and banking. Mr. Geier currently heads the Ohio State University Health System while having previously served as the president of a commercial bank. Mr. Geier is also currently the chairman of Insight Bank, a community bank in Columbus, Ohio. Satish Tyagi joins the Santa Rosa Board with a lifetime of experience in investment banking in the healthcare sector. Mr. Tyagi has served as an analyst for Cowen and Company, Jefferies and Company, and currently works with a venture capital organization. Mr. Tyagi also previously served on the Board of Directors of Superior Consultant Company.

“Santa Rosa Consulting is truly privileged to have the leadership, wisdom and industry knowledge of this distinguished group,” said Mr. Helppie. “Securing the assistance of these gifted and independent leaders is a major step in advancing Santa Rosa’s growth strategy. These are all individuals who have led and helped to develop successful organizations and each has intimate knowledge of the healthcare industry that can help Santa Rosa better understand and meet the needs of our clients.”
