

InfoPartners Selected as MEDITECH READY Implementation Partner by Conway Regional Health System

InfoPartners is proud to be selected as their MEDITECH 6.1 READY Implementation Partner.

Nashville, Tennessee ([PRWEB](#)) May 17, 2016 -- InfoPartners, a Santa Rosa Consulting company, is proud to be selected by Conway Regional Health System as their MEDITECH 6.1 READY Implementation Partner. The Health System, serving the Conway, Arkansas medical community, includes Conway Regional Medical Center, Conway Regional Imaging Center, Conway Regional Rehabilitation Hospital, a Primary Care Network with four clinics, Conway Regional Wound Healing Center, Conway Regional Therapy Centers, and Conway Regional Home Care. Conway Regional Health System is migrating to MEDITECH 6.1 from MEDITECH 6.0.

“Our history and confidence with InfoPartners was the ultimate factor in selecting our MEDITECH implementation partner. Our previous implementation, from Magic to MEDITECH 6.0 was executed flawlessly due to InfoPartners’ management and support” states James Reed, CIO of Conway Regional Health System, “We are not simply working with a vendor, we are true partners. InfoPartners has great expertise in MEDITECH and is one of the few consulting firms that are READY certified by MEDITECH. Their commitment to MEDITECH and their clients is evident. We value their experience and dedication and look forward to working with the InfoPartners team on MEDITECH 6.1.”

InfoPartners has proudly served the MEDITECH market for over 30 years. As a READY certified consulting firm, their team holds exceptional knowledge and “hands-on” experience with MEDITECH. Their experience includes delivering over eighty implementations across Magic, Client Server, 6.0 and 6.1 platforms, including thirty specific implementations for MEDITECH 6.0 and 6.1. While achieving successful outcomes in the MEDITECH community, InfoPartners provides a variety of services, including system implementations, upgrades, and services tailored to optimize MEDITECH.

“The complexity of Conway’s health system, which ranges from acute care to long term care to clinics, poses unique challenges for implementation” explains Mark Scruggs, InfoPartners’ President, “Our extensive prior experience in similar environments, coupled with Conway’s commitment to the READY build model, allows us to leverage our proven best practices to successfully assist Conway on their journey toward improved integration and delivering even better care to their patients.”
